

WHAT SETS PRINCE OF PEACE SCHOLARS PROGRAM APART?

That is, besides being tremendously fun and engaging, of course.

Our curriculum, while following both state and national standards, is entirely distinctive to Prince of Peace.

We have complete academic integration of our units. Our year is broken into twelve three-week thematically and chronologically linked units for grades 6, 7 & 8.

Sixth Grade students are American Scholars.

Seventh Grade students are British Scholars.

Eighth Grade students are World Scholars.

Shakespeare – No Fear!
Our students love the Bard & even write drama scripts of his plays in their own iambic pentameter.

They achieve a deep understanding of their faith and the history of the Catholic church.

All can write a chronological essay on the history of the world and challenge others to an advanced chess competition.

YOU'LL BE ASTONDED AT WHAT OUR GRADUATES CAN DO! (THIS IS JUST THE TIP OF THE ICEBERG)

Science labs & reports are breezes as virtually all lessons possess an interactive and progressive lab component.

They are avid readers who have read over 30 high-interest historically relevant novels. Plus, they are extremely advanced creative and formal writers. (Just see their portfolios!)

Vets, archeologists, pilots and bankers are just some of the professionals who make students apply math to more than just problems on a page.

COME PLAY THE DAY AWAY WITH US!

WHATEVER YOU DO, DON'T FORGET TO ASK ABOUT "HOUSE"!

It may just be the best and most distinctive program we offer! Our "House" program excites students to come to school while also promoting social, moral, and leadership growth.
